

DZAREEF AZRAEI BIN DZAINUL

Software Developer (Full Stack)

Phone: +60 18-794-4101

Email: dzareef.azraei@gmail.com

Portfolio: [Dev Portfolio](#)

SUMMARY

Detail-oriented Software Developer with a Bachelor's in Computer Science and hands-on experience in full-stack development (React, Python, MySQL). Proven track record in the full software development lifecycle (SDLC), from architectural design (SRS, DFD) to deploying modular frontend features. Passionate about UI/UX design and delivering scalable solutions that drive measurable business results.

EXPERIENCE

Intern | Hectadata 2025

- Developed comprehensive React/JavaScript frontend modules for the "Logistics Management" system, creating responsive components including Dashboards, Sidebars, and Auth pages.
- Implemented core logic for the "Volition Top-Up" module, specifically handling Approval/Rejection Modals and data viewing components to ensure data integrity.
- Designed the complete UI/UX for the mobile Logistics Management application using Figma, focusing on user-centric workflows.
- Contributed to critical technical documentation (SRS, DFD, Use Case, Activity Diagrams) to define project scope and system architecture.

IT Support Specialist | Hong Leong Bank 2022

- Managed hardware configuration and Windows system deployments for internal staff, ensuring zero downtime during onboarding.
- Executed system specification checks and access control management, adhering to strict corporate security policies.
- Provided Level 1 technical support, resolving hardware and connectivity issues for office personnel.

Intern | Famouz 2021

- Engineered key e-commerce frontend modules using Wix (Cart, Registration, Payment Integration), directly contributing to a 25% increase on client acquisition.
- Conducted detailed cost analysis and feasibility reports for client web deployments and real-time communication features.
- Translated client business requirements into functional technical specifications and interactive web designs.

SKILLS & INTEREST

Technical

- Languages: JavaScript (ES6+), Python, C#, C++, HTML5, CSS3, SQL.
- Frameworks & Libraries: React.js, Node.js (implied), Godot Engine.
- Tools & Platforms: Git/GitHub, Figma, VS Code, MySQL, Microsoft Office Suite.
- Core Competencies: UI/UX Design, System Analysis (SRS/DFD), REST APIs, Agile Methodology.

Interest

- Game Development
- Strategic Gaming
- Historical Literature
- Fictional Literature
- Young Adult Novels

Language

- English (Fluent)
- Malay (Native)

EDUCATION

Bachelor in Computer Science |

Universiti Teknologi Mara (UiTM) 2022-2025

Relevant Coursework: Object Oriented Programming, AI Algorithms, Dynamic Web Application Development.

Diploma in Computer Science |

Kolej Professional Mara Beranang 2019-2021

Relevant Coursework: System Analysis Design, Web Application Development, Software Testing.

CERTIFICATES

BAC Fullstack Developer

Datacamp Python Developer

REFERRAL

Sir Khairul Nizam Bin Abd Halim

Sr Lecturer
